Detailed

disembarkation instructions for Tallinn are given below

When you exit the ship, you need to walk past the souvenir shopping area towards city center. Depending on the location of your ship, your ship may dock right next to souvenir shopping or you may need to walk about 200-300 meters (220-330 yards) to reach the souvenir shopping area.

Please note that there are tour buses inside cruise port area but these are operated by cruise ship agents. Independent tour operators have no authorization to enter this secured area in Tallinn.

When walking out from the port, you will pass a big hot air balloon and hop-on hop-off buses. Please past these and continue walking towards the gate.

There is only 1 gate out from cruise port and this is a place where both tour buses and customers exit the port area. Our guides will be waiting for you right outside of cruise port gate.
